SE-MS5T-R (Red)  
UPC: 814633020539

## Key Features

### Large 40mm Drivers for Clear High Quality Audio:

With the utilization of powerful magnets, the 40 mm driver produces ample lows and the light weight CCAW voice coil reproduces Hi-Res frequencies for enjoyment of Hi-Res audio

### Wide Cushioned Headband Earpads:

Attention to details was made when designing the headband and earpads. With the design of a wide headband, the weight gets distributed to a larger area by dispersing weight evenly. The earpads are designed to fit a variety of head shapes along with the design of the curve behind the ear to be ergonomic so it creates an even seal all around the ear for a good fit.

### In-line Microphone

Equipped with an in-line microphone with simple to use control, the SE-MS5T makes it easy to answer and end a phone call.

## Specifications

- **Type:** Fully-Enclosed Dynamic
- **Frequency Response:** 9 Hz ~ 40,000 Hz
- **Impedance:** 32 Ω
- **Max. Input Power:** 1,000 mW
- **Sensitivity:** 105 dB
- **Driver Units:** φ40 mm
- **Cable Length:** Single-side cable 47.24" (1.2 m)
- **Plug:** φ3.5 mm 4P stereo mini-plug (gold plated)
- **Weight (without cable):** 0.64 lbs.
- **Carton Dims (LxWxH):** 7.86 x 4.33 x 10.04 inches
- **Carton Weight:** 1.23 lbs.

Specifications and design subject to change without notice.

Do not listen through headphones at an uncomfortable volume or at loud levels for long periods. Set the volume to low when you first plug in. Do not use when the headphones would be an unsafe distraction, such as while driving, biking, or crossing a street.
